Hi Harry:

It's hard to tell. We start at the Niagara Falls Boulevard Site around 7:30am. Once we are set up here, we will gather our gear and move on to Lewiston. 9:30am? Do you have questions? Do you want to ensure you are there?

Hi Eric,

Any idea of a time period on the 14th?

Hi Eric,

Either day is fine. I'll be home.

Thank you,

Harry

Good Evening Harry:

On September 16, 2016, gamma survey performed on your property. Issues with GPS coordinates will require additional gamma survey. However, there were some slightly elevated gamma readings observed near the driveway areas between your property and 5382 Roberts Street. This may be some natural rock material but we will need to conduct soil sampling to identify. We are hoping to conduct the survey and sampling either October 13th or 14th.

Please let me know if that works for you.

Thanks

Eric

Hi Eric,

Sept 16 is fine. I won't be home, but sounds like you don't need me. Will I receive

anything from epa certifying my property is fine?

Harry

Good Morning Harry:

I wanted to touch base with you and let you know that I am hoping to conduct your outside gamma survey this Friday, September 16th. You do not have to be present but I do need your concurrence.

I also left a voice mail. Please let me know. Thanks

Good Afternoon Mr. Wade:

Thanks for the quick response. I would need a signed access agreement (in the handout you received and electronic copy attached) from you and then we would need to coordinate a date/time for the survey.

Please let me know

Regards,

Eric

Subject: survey wanted

Hi Eric,

I received your letter, & I am very much interested in having a survey done at 5380 Roberts ave, Lewiston, NY 14092. Inside the home as well.

I am hoping to sell this house within the next year or 2 so I would like something that clears this property.

Thank you,

Harry
